

## **Training/Awareness & Conference Presentations**

To build support for Total Continuity Planning as well as improvements, BGCS offers motivational executive management and staff presentations and training sessions for organizations based on personal disaster experiences and lessons learned. The Principal and Managing Director speaks at conferences, conventions and association meetings. These presentations provide awareness and training for leadership, board members and personnel and may qualify for required annual safety and security training

Topics Include:

- ❑ **"Business/Govt. Continuity of Operations from A to Z" (7.5 hrs)**  
**(Two day expanded version also available with workshops and exercises)**

(The below presentations are offered in 1-3.0 hour versions)

- ❑ **"The Compelling Case for Business/Government Continuity Planning With Success Factors"**
- ❑ **"Improving Emergency Response and Business Continuity with Lessons Learned from Major Disasters"**
- ❑ **"Don't Forget the Basics of Total Continuity"**
- ❑ **"Improving Facility/Infrastructure Survivability and Sustainability"**
- ❑ **"Preventing Human Caused Disasters"**
- ❑ **"How To Improve Emergency Response and Business Recovery Capabilities"**
- ❑ **"Sabotage/Terrorism Threats and Avoidance Principles"**
- ❑ **"Preparing Your Organization for Operations During Heightened Terrorist Conditions"**
- ❑ **"Home and Personal Disaster Recovery Planning"**
- ❑ **"Character in the Workplace to Improve Services, Relationships and to Minimize Disasters and Workplace Violence"**

### **SPEAKER/INSTRUCTOR/CONSULTANT BIOGRAPHY**

Lloyd R. Smith, Jr., a retired Air Force Colonel, has 25 years experience in Information Systems and 30 years in Business Continuity and Disaster Recovery. As Director of Information Technology for the Oklahoma Air Logistics Center for five years, he and the Information Systems Staff were responsible for a disaster recovery operation when a 40 hour, 22 alarm fire threatened three critical operations centers and did \$138 million dollars in damage to the logistics, maintenance and manufacturing facility. Lloyd also provided disaster recovery assistance to a client, on site after the Oklahoma City Federal Building Bombing, was involved in the devastating F5 tornado in Oklahoma City and assisted an international corporation with hundreds of people at ground zero in their human and emergency response to the terrorist attack on the United States.

Colonel Smith, a graduate of the U.S. Naval Academy, Annapolis, MD., has a Masters Degree from the University of Oklahoma. Certified as a Master Business Continuity Professional (MBCP), he is an internationally recognized speaker and instructor and has become a leading advocate in government and corporate America for government agency and business/mission disaster prevention and recovery planning. He founded Business & Government Continuity Services, which provides business and government disaster recovery training and consulting services to include risk assessments, business impact analyses, disaster recovery plan development, testing, personnel/team training, recovery plan mentoring and auditing.

Lloyd has been active in developing business continuity policies and standards while serving on the Disaster Recovery Institute Certification Committee and the Disaster Recovery Institute International Board of Directors for eight years. He currently serves as a senior instructor, has taught over 200 DRI International Courses and served as an adjunct professor teaching business continuity and emergency response at the University of North Texas.
